

OUR BUSINESS IS
PROTECTING
YOURS

How much \$ would
8 hours of downtime
COST your business?

Empower your business.

Every YEAR
more than 2
MILLION U.S.
Businesses
experience a
POWER
OUTAGE
lasting 8
hours OR
MORE.

Power outages cost the US \$120 million annually. It's a cost that's not going down anytime soon. Thousands of utility Companies have under-invested and rely on a patchwork approach to repair our aging grid infrastructure. What's more, since 1990 demand for electricity has increased 400%. The result? Power outage increases as well as severity.

Automatic back-up solutions.
